

JNNSM Phase I Batch II

Elaboration- 1- Net Worth and Number of Applications,

dated 09.09.2011

(Clarifications issued are under the provisions of Clause 4.4 of Section 4 of the Guidelines issued by MNRE with the approvals as envisaged therein).

Sl No.	Reference	Clarification sought on Existing Provision	Clarification
<u>1</u>	Net worth (Clause 2.5 of Guidelines and 3.6B Of Rfs)	Can the Bidder or members of the Bidding Consortium rely on the Net worth of Ultimate Parent / Parent / Affiliate / Group Company for the purpose of meeting the Qualification Criteria towards Net Worth?	Yes. Wherever financial resources of others are relied upon to achieve the required Net Worth, it has to be however infused in such companies before signing of PPA.
<u>2</u>	Number of Applications (Clause 2.4 of Guidelines and Clause 3.5 of Rfs)	As per the provisions of Clause 2.4 the bidder can submit applications for three projects at different locations. Can the projects by the same company be side by side? Please elaborate.	The Projects can be side by side also but the projects would need to be physically identifiable, having separate boundary with separate metering and capacity of each project shall not be more than 20 MW. Separate PPA would be signed for each project.
